

One Step Closer Animal Rescue (O.S.C.A.R.)
STRAY CAT SURRENDER FORM

One Step Closer Animal Rescue is a smaller rescue. We focus on cats scheduled to be put to sleep in shelters. We also work hard to help the local community re-home their pets and find homes for strays.

Sometimes a stray cat will find its way to your door. Unfortunately, not everyone can open their home to a stray cat. O.S.C.A.R. will take in stray cats/kittens with a small fee. This fee covers a portion of vet care and spay/neuter.

In order to find the most appropriate home for this stray cat, please provide as much detail as possible. We understand that you may not have much information about the cat/kitten, but please be truthful about what you do know. Remember that behavioral and medical issues do not necessarily create problems, but failing to disclose them certainly does!
